SNOW ANGEL
VAL D'ISÈRE

*A dream family chalet,
just steps from the slopes*

A JEWEL OF THE FRENCH ALPS, BETWEEN TRADITION AND ALPINE MAGIC

In the heart of the French Alps, just a few kilometres from the Italian border, Val d'Isère reveals its charm through snow-covered peaks, this is authentic chalets and lively streets. In both winter and summer, it becomes the perfect starting point to explore the raw beauty of the Alps on the slopes, along the trails, or simply while taking in an unforgettable panorama.

A RARE AND SECLUDED PLACE

For the first time for the 2024–2025 winter season, Chalet Snow Angel is opening beyond the private circle of the family who built it and carefully preserved it as a family retreat for many years. With 1,000 m² of living space and a prime location, Snow Angel allows you to reach the slopes on foot in just a few minutes.

Bringing together all generations, with family or friends, in a unique setting designed for both shared moments and more intimate times.

A place of wonder

A COCOON IN THE HEART OF THE MOUNTAINS

The main living room, occupying the entire top floor of the chalet, offers breathtaking views of the surrounding landscape. To the east, with a little patience, you may spot ibexes and chamois in their natural habitat. To the south, the village comes into view, with its iconic church steeple and the famous Face de Belvarde slope, a true emblem of Val d'Isère. Spacious and welcoming, this living room is a true place for living and sharing, perfect for après-ski moments or long winter evenings.

A contemporary atmosphere with understated luxury

Throughout the chalet, interior architect and designer Géraldine Contet reinterprets alpine style, blending tradition with contemporary elegance. In this soft, refined atmosphere, stretched out on a sofa as light as a cloud, let your gaze drift toward the snow-covered peaks and the vastness beyond. Conceived as a dreamlike jewel box, with the mountain as its diamond.
